Next we will make some changes and add some branding to our event. We can now choose a Color Scheme for our event by clicking on the pen icon next to the Color Scheme controls, this will bring up the below options.

## Lets look at the main branding options

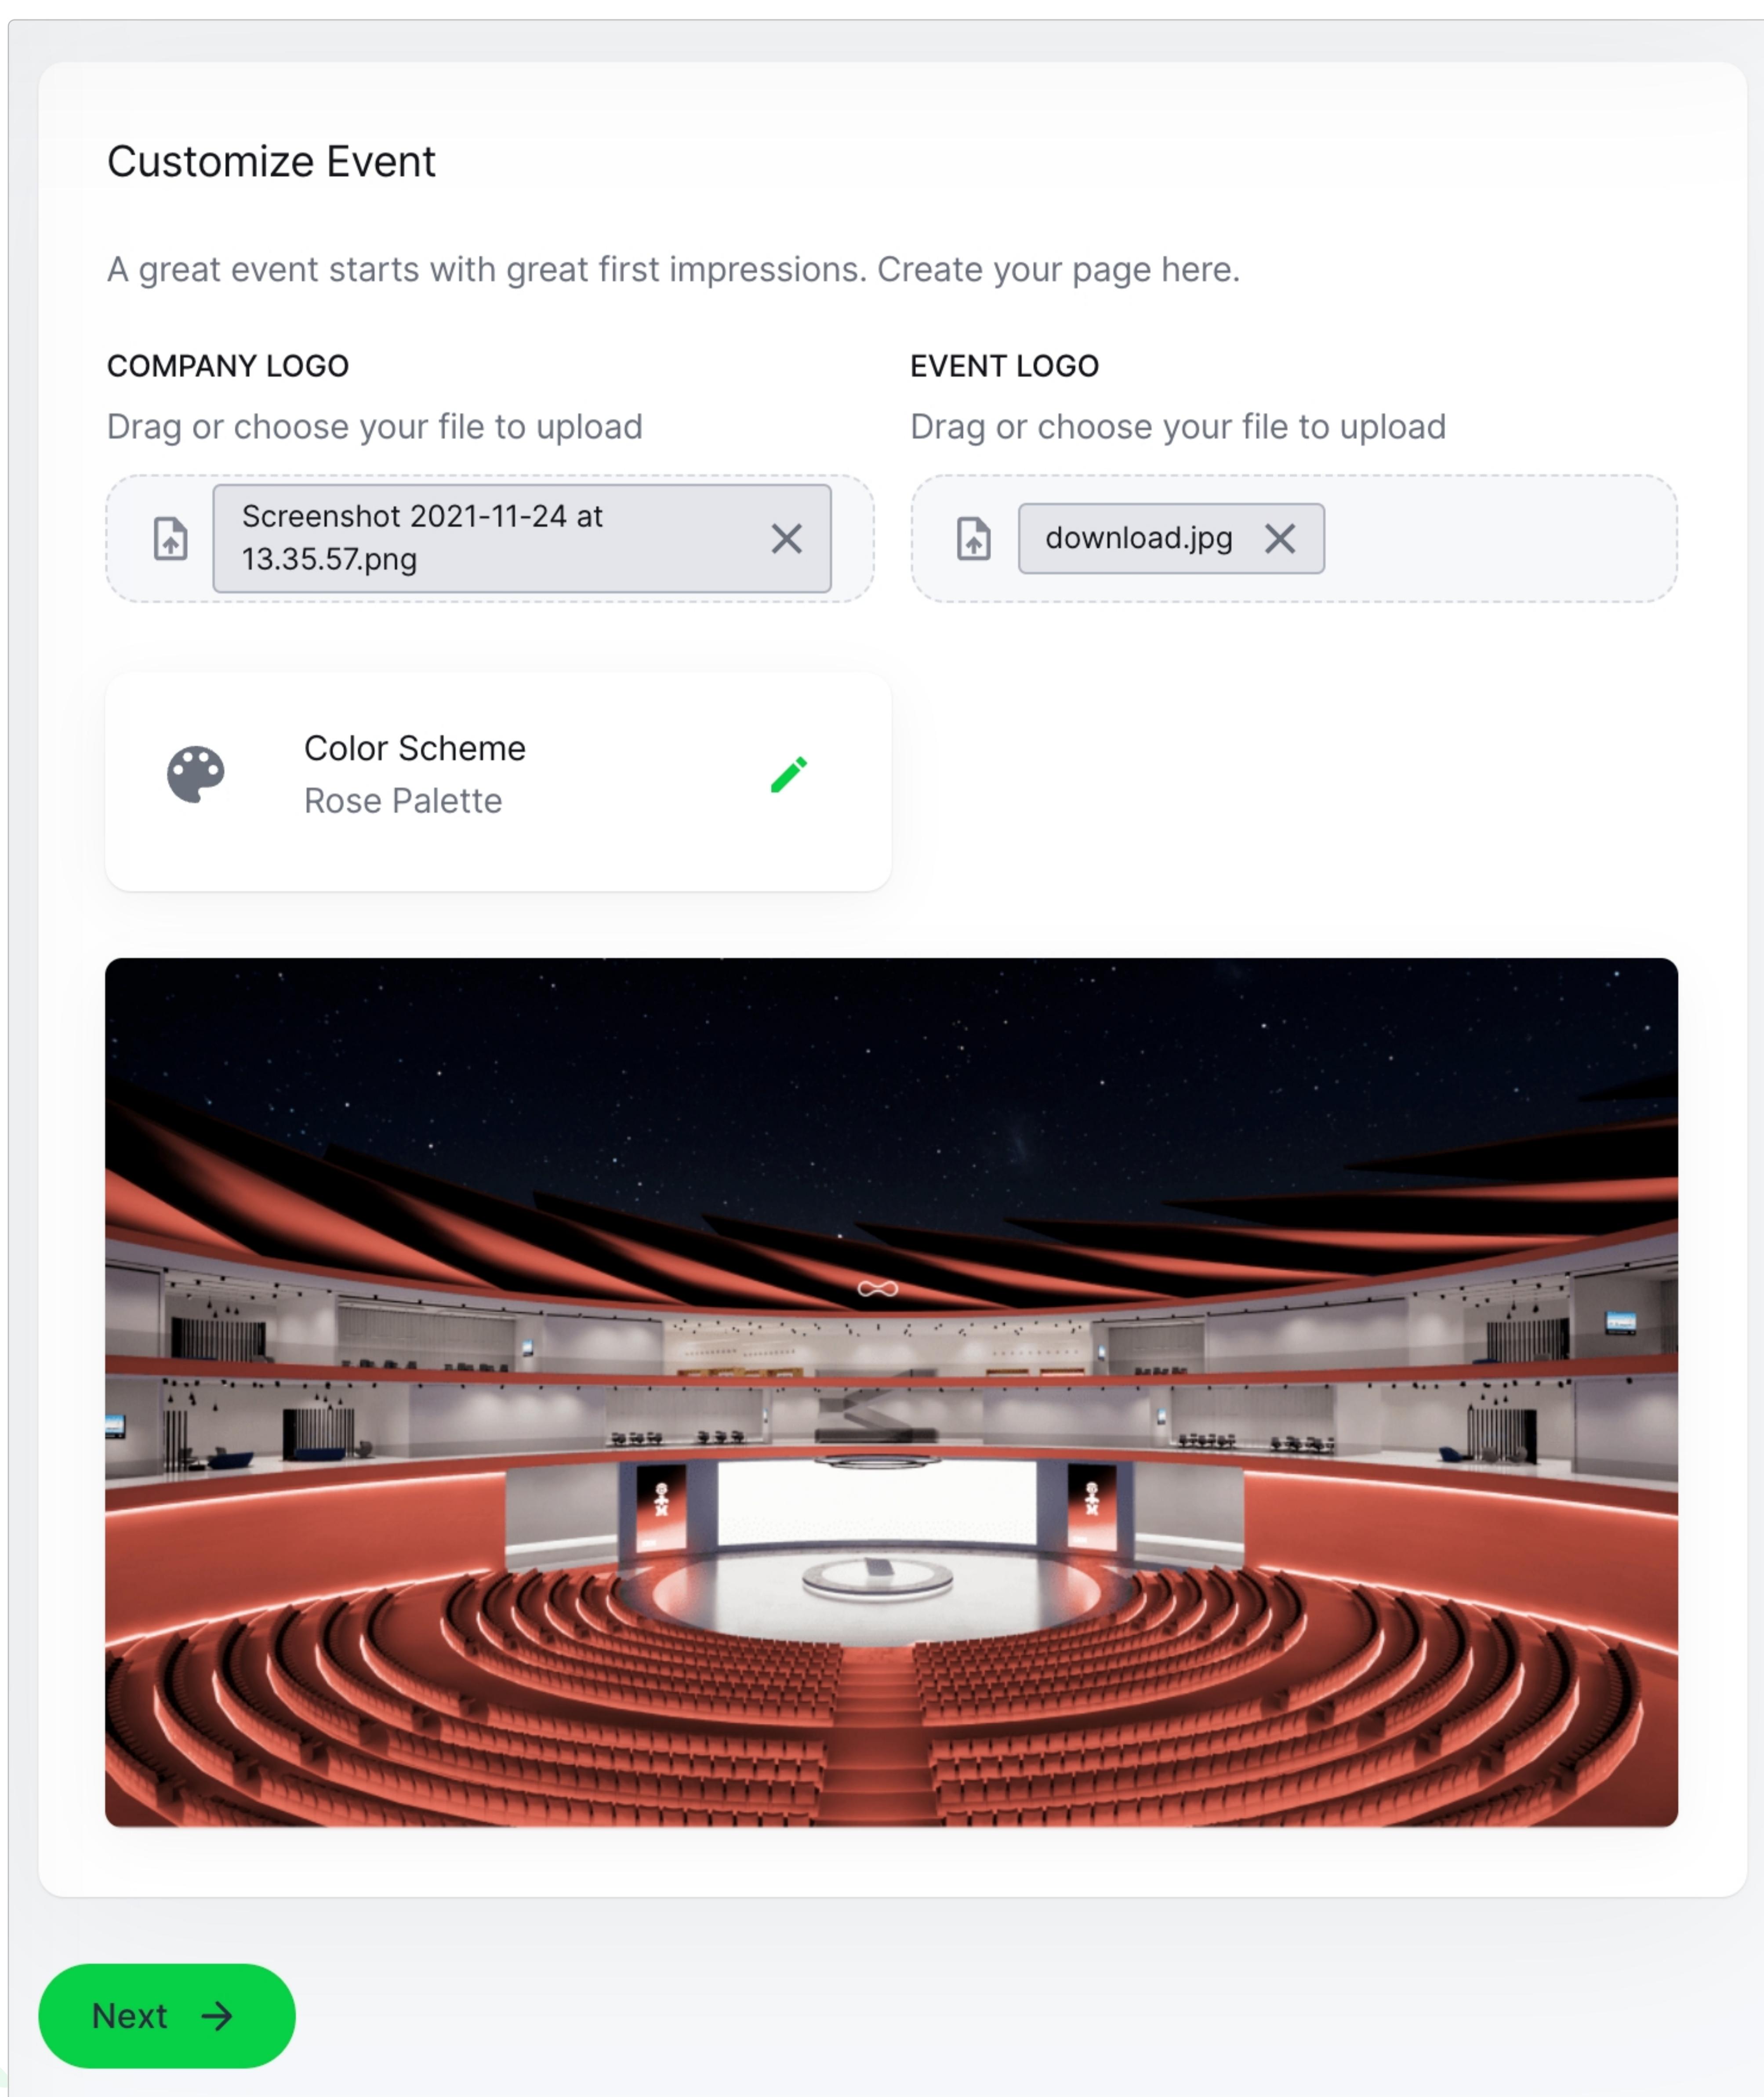

Color Scheme  
Jugo (Default) Palette

Jugo (Default) 

Rose 

Navy Blue 

In the example Rose Gold has been selected and should now visibly change on the event overview to below
